Cost Seg ~ Hospitality Real Estate ~ SBA & Retail Lending

At Direct Connect Ventures our firm provides a process of promoting our clients to a **platform of financial safety and growth for the future**. We provide a service that guides entrepreneurs through the process of securing the necessary funding to start their own business or expand their current business enterprise.

DCV is not tied to any one particular funding option or lender. Our goal is to provide candidates with financial safety by using the least amount of their personal liquidity and personal collateral.

With DCV as your advocate we guide your project through funding. We save you time, energy, and promote opportunity. We take out the mystery and turn process into progress. Small business financing requires a complex blend of skills and relationships. Our decades of business experience give you the advantage!

Obtaining financing can be one of the single most difficult tasks in the journey. We are here to fit all the puzzle pieces together.

Direct Connect Ventures is the single source for all funding needs required in a Start-Up Business or for an Existing Business, either Franchise or Independent. Financial Institutions of all multiplicity are sourced during the process. Using those institutions, we explore all SBA products, Commercial and Retail Lending products, Equipment Leasing, and 401(k)/IRA Rollovers to name a few.

A Business Plan is the first step to ensuring success and is required from the very beginning. The Executive Level Business Plan is one of the items on our menu of services and has been developed as a highly successful tool. Your Business Plan is guaranteed to exceed all lender-underwriting guidelines. DCV guarantees every business plan we write.

Please contact us to schedule a DCV representative for a speaking engagement or webinar presentation about SBA Lending, Writing a Strong Plan for Growth, Solving the Mystery of Franchise Funding, or other similar topics to enhance your event.
